# TNT Time Critical - Next Flight

For the most urgent shipments, our TNT Time Critical -Next Flight service draws on our expertise by providing you with expedited delivery to any serviced location in Australia.

When time is critical and you need to get things moving, call in the experts and let us take control.

- Available 24/7, 365 days a year
- Fastest possible delivery service that we determine appropriate to meet your requirements for urgent consignments to state and nationwide serviced locations.
- Customised transportation delivery solutions supporting the Time Critical – Next Flight service including direct drive, air linehaul and wide body aircraft options for oversized freight.
- Secure vehicles , security checked drivers, security controlled facilities and depots.
- Highly experienced dedicated customer service team available 24/7/365
- Real time tracking of signatures and signature capture.
- FedEx utilises the next available commercial flight which FedEx determines is appropriate in order to meet the service requirements for the TNT Time Critical - Next Flight service.
- In the unlikely event FedEx is unable to deliver via air, FedEx will arrange an alternate mode of transportation which we reasonably believe will achieve your requested Time Critical -Next Flight requirements.

## VALUE ADDED SERVICES

### Online Solutions

FedEx offers a wide range of online solutions designed to save you time and increase efficiency. Organise pick-ups, create labels and access your shipping information from your desktop, laptop, mobile phone or electronic device and enjoy the freedom to do business anywhere in the world.

### eInvoicing

eInvoicing is designed to make receiving invoices and managing the invoice process convenient and flexible. Access eInvoicing via TNT's website to view and download your invoices. Your invoice data can be downloaded as a PDF, converted to your preferred format i.e. Microsoft Excel® and even imported directly into your accounting software.
