

Healthcare Centres especially for you

In key countries worldwide, our dedicated Healthcare Centres ensure the highest standards of support for all our medical, pharmaceutical and biotech customers.

Our Healthcare Centre staff are trained to support your organisation in the distribution of biomedical samples, drugs and medical equipment.

Why Healthcare Centres?

Our dedicated staff understands the importance of your vital goods reaching their destination in time. They are empowered to ensure that agreed processes are followed and have the authority to act and commit the company before something goes wrong.

Our Healthcare Centres offer you:

- One point of contact for all services
- Country-specific telephone numbers
- Dedicated and trained staff
- Proactive monitoring of all your shipments to guarantee on-time delivery
- Proactive reporting
- Contingency management
