

TNT IMPORT ECONOMY EXPRESS

Importing goods into the Eurasian Economic Union (EAEU) by road transport for TNT customers who have selected the Economy Express service

WHAT SHOULD YOU DO BEFORE IMPORTING THE GOODS?

You should have a word-to-word translation of the invoice into Russian/or a detailed description of the imported goods.

At the request of a TNT employee, complete the specification in accordance with the template provided.

Provide valid permits for the imported goods.

WHAT PERMITS ARE REQUIRED?

The choice of permits depends on the imported goods and the classification code of the EAEU CN FEA. A preliminary list of permits and additional information that may be required for imported goods:

Material Safety Data Sheet (MSDS) + specification for 100% of ingredients in the item provided by the manufacturer + certified translation into Russian (for cosmetics or chemical products);

Certificate of the State Registration of the Product;

certificate/declaration of conformity of goods with technical regulations (CC/DC);

notification by the Russian Federal Security Service (when importing goods with encryption options);

letter of indemnity from the manufacturer/sender/receiver of the goods (as per request or templates provided);

license (if the imported goods are subject to licensing).
