I. INTERACTING WITH THE CAPITAL MARKETS

Contact with the investment community is dealt with by the members of the Executive Board, TNT Express’ investor relations professionals and, much less frequently, by the chairman of the Supervisory Board and TNT Express employees specifically mandated by the Executive Board. The CFO has the principal responsibility for investor relations. The Investor Relations department ensures timely, consistent and accurate disclosure of information to the financial community and arranges the contacts between the Executive Board and the investment community.

The Executive Board provides explanations on quarterly results either via group meetings or teleconferences, accessible by telephone and the internet. Meetings with institutional investors are also held to ensure that the investment community receives a balanced and complete view of TNT Express’ performance and the issues and opportunities the business is facing. In addition, TNT Express communicates with the financial community through press releases, the annual report, general meetings and its corporate website (www.tnt.com/corporate).

TNT Express’ policy is to provide the financial community with equal and simultaneous information about matters that may be price sensitive. TNT Express does not compromise the independence of analysts in relation to the company and vice versa. Analysts’ reports and valuations are not assessed, commented upon or corrected, other than to highlight factual mistakes. TNT Express does not pay any fees to parties conducting research for analysts’ reports, or for the production or publication of analysts’ reports, with the exception of credit rating agencies.

In 2013, TNT Express maintained a close dialogue with the capital markets through:

- Quarterly results presentations and teleconferences
- Day-to-day contacts via the investor relations department
- Road show meetings after results releases
- Ad hoc meetings with individual investors and at conferences in Europe, the United States and Asia
- The Annual General Meeting of Shareholders
- The investor relations page on TNT Express’ corporate website (www.tnt.com/corporate)

As a result, TNT Express’ share price decreased by 20% for the period from 1 January to 31 December. The share price increased by €3.66 per share or 43% in the period immediately following the announcement of the prohibition of the intended merger, until the end of the year.
IV. DIVIDEND

POLICY

TNT Express aims to meet shareholders’ return requirements in the long term through growth in the value of the company and in the short term through dividend distribution. TNT Express intends to pay dividends of around 40% of normalised net income in cash and/or stock. Also, on an incidental basis, TNT Express may make tax-exempt share repurchases or other returns of excess cash. Refer to the investor relations page on TNT Express’ corporate website (www.tnt.com/corporate) for more information.

DIVIDEND PAYMENTS

A pro forma 2013 interim dividend of €0.022 per ordinary share was paid in August, which combined with the 2012 final dividend payment of €0.03 per ordinary share paid in May 2013, adds up to €18 million of dividend paid in 2013.

FINAL 2013 DIVIDEND PAYMENT (PROPOSED)

The Executive Board of TNT Express has decided, with the approval of the Supervisory Board to propose to compensate the loss out of the distributable part of the shareholders’ equity and to pay a pro forma dividend out of the distributable part of the shareholders’ equity, of €0.024 per share relating to the full year 2013. The proposed dividend represents a payout of 40% of normalised net income (€0.046 per share in total) and is payable at the shareholder’s election, either wholly in ordinary shares or wholly in cash.
