I. INTERACTING WITH THE CAPITAL MARKETS

Contact with the investment community is dealt with by the members of the Executive Board, TNT’s investor relations professionals and, much less frequently, by the chairman of the Supervisory Board and TNT employees specifically mandated by the Executive Board. The CFO has the principal responsibility for investor relations. The Investor Relations department ensures timely, consistent and accurate disclosure of information to the financial community, and arranges the contacts between the Executive Board and the investment community.

The Executive Board provides explanations on quarterly results either via group meetings or teleconferences, accessible by telephone and the internet. Meetings with institutional investors are also held to ensure that the investment community receives a balanced and complete view of TNT’s performance and the issues and opportunities the business is facing. In addition, TNT communicates with the financial community through press releases, the annual report, general meetings and its corporate website (www.tnt.com/corporate).

TNT’s policy is to provide the financial community with equal and simultaneous information about matters that may be price sensitive. TNT does not compromise the independence of analysts in relation to the company and vice versa. Analysts’ reports and valuations are not assessed, commented upon or corrected, other than to highlight factual mistakes. TNT does not pay any fees to parties conducting research for analysts’ reports, or for the production or publication of analysts’ reports, with the exception of credit rating agencies.

In 2014, TNT maintained a close dialogue with the capital markets through:
- Quarterly results presentations and teleconferences
- Day-to-day contacts via the Investor Relations department
- Road show meetings after results releases
- Ad hoc meetings with individual investors and at conferences in Europe, the United States and Asia
- The Annual General Meeting of Shareholders
- The investor relations page on TNT’s corporate website (www.tnt.com/corporate)
