

Demand surcharge introduction for movements to / from Israel,
effective June 30, 2025

We continues to make adjustments within our network to best deliver to our customers

Owing to the current situation in the Middle East, service into and out of Israel was temporarily suspended last week. Starting June 22, 2025, TNT is operating limited service into and out of Israel; limited inbound service will resume based on availability of capacity.

To address increased operational costs and ensure continued service in Israel, a Demand Surcharge will be applicable for TNT shipments to and from Israel, effective June 30, 2025.

The Demand Surcharge will be applicable for **United Arab Emirates** as below.

Services for DS re-introduction include:

1. TNT International services (48N, 48F, 09D, 09N, 10D, 10N, 12D, 12N, 15D, 15N, 48N, 48F, 412)
2. Service availability differs across different markets
