TNT UK recognises that it has a responsibility to be alert to the risks of slavery, servitude, forced and compulsory labour and human trafficking ("modern slavery"). TNT UK is committed to acting ethically and with integrity in all its business dealings and relationships and to implementing and enforcing effective systems and controls to ensure modern slavery is not taking place anywhere in its own business or in any of its supply chains.

This statement outlines the steps TNT UK has taken to minimise the risk of modern slavery in its business and its supply chains in the last financial year and sets out TNT UK's future plans.

ABOUT TNT UK AND ITS SUPPLY CHAINS

For more detail on the relevant TNT UK policies, see our 2017 statement.

TNT UK is continuing to maintain its strong culture of ethics and integrity that supports and encourages compliance with these internal policies.

DUE DILIGENCE PROCESSES IN RELATION TO MODERN SLAVERY

TNT UK is committed to ensuring there is transparency in its business and in its approach to tackling modern slavery throughout its supply chains and fully expects the same high standards from its suppliers. TNT UK will continue to build upon the robust compliance culture that it has in place by determining whether any of such high risk suppliers warrant further investigation and/or action.

TNT UK considers potential modernslavery risks at the outset of its relationship with suppliers. TNT UK does this by asking potential suppliers to confirm whether they comply with the Modern Slavery Act 2015 and to confirm what processes they have in place to address slavery and trafficking within their company and supply chain.

RISK ASSESSMENT

TNT UK aims to mitigate risk by maintaining its policy on Modern Slavery and Human Trafficking and maintaining its Alert Line. The Alert Line can be accessed by all TNT UK employees or any other person who wishes to raise a concern. TNT UK encourages its employees or other parties to raise concerns about any issue or suspicion of modern slavery through the Alert Line. All reports received through the Alert Line are acted upon promptly. TNT UK employees are also encouraged to report modern slavery issues or concerns directly and openly to their line-managers or in accordance with TNT UK's Whistleblowing Policy Procedure. TNT UK prohibits any form of retaliation against a person who reports in good faith any concern they have about any issue or suspicion of modern slavery.

TRAINING

TNT UK has provided training on the Modern Slavery Act 2015 and its requirements to its procurement function, being the function that is most directly involved with suppliers.

NEXT STEPS

During the next financial year, TNT UK will:

- Seek to source its supplies in a responsible manner;
- Include modern slavery contractual provisions in its contracts with new suppliers;
- Expect and require its suppliers to operate in full compliance with all applicable laws;
- Maintain its high standards and identify ways to further enhance this.
- Extend the audience within the business for training; and
- Review contractual terms for suppliers in relation to Modern Slavery.

This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes TNT UK's Slavery and Human Trafficking Statement for the financial year ended 31 May 2019.
