Information on the Northern Ireland protocol (Windsor Framework) – UPDATE

FedEx Express welcomed the announcement relating to the trade between Northern Ireland, Great Britain and the EU (known as the Windsor Framework) back in February 2023.

We have been made aware of the Government announced delay to this new solution. Businesses should now be fully prepared for the new Windsor Framework arrangements by 31 March, 2025 and you can read the official update on the HMRC website [here](#).

The existing customs and clearance conditions between GB and NI remain in place at present. To ensure our customers are up to date with any upcoming news on this new solution, we will continue to follow developments closely, assessing impacts and making all necessary arrangements to offer a smooth transition for our customers.

Suspension of FedEx Ship Manager® Lite Service in Europe

Effective September 19th, 2024, FedEx has suspended the FedEx Ship Manager® Lite service across Europe.

As a result, customers without an account can no longer create guest shipments on fedex.com using a credit card. To continue shipping, we encourage customers to visit [FedEx.com](https://fedex.com) to open an account.

Providing the best customer experience remains our top priority. We apologize for any inconvenience and appreciate your understanding.

Operational changes due to regulatory requirements

Due to new regulatory requirements, FedEx is introducing several operational changes starting Friday, September 6th, which will remain in effect until further notice. As a result, some customers may experience delays of +1 day compared to quoted transit times for shipments using FedEx International Connect Plus (FICP) and FedEx International Economy services from Europe to the U.S., Canada, and Latin America.

Services to/from Ukraine reinstated

Effective 16 August, 2024, we are pleased to announce the expansion of our service coverage area within Ukraine.

In February 2024, FedEx offered International Priority Service only for shipments up to 68 kilograms, originating from or destined for Kyiv and the surrounding region only. We are now extending our service coverage to encompass the majority of Ukrainian postal codes for shipments up to 68 kilograms. This expansion includes major cities, smaller towns, and rural locations throughout the country.

Transit time extension for FedEx shipments outbound from Europe to Uruguay

Effective Monday 8 January, 2024 FedEx Express has extended quoted transit times on all FedEx services outbound from Europe to Uruguay by +1 day.

This adjustment is in response to recent customs regulation revisions, which now require an additional +1 day transit time on all shipments destined for Uruguay.

Temporary service restrictions and extended transit times related to
